SISTER LEGITIMATE

THE SAME MARRIAGE.

Household-Marriage Validated Here.

An interesting interpretation by the English Chancery Court of the old deceased wife's sister law gives Mrs. Helen Pitkin of Brooklyn, widow of Dr. Leonard F. Pitkin, who was surgeon for the Intera legacy of \$25,000.

Mrs. Pitkin was one of four daughters in one family who came under the ban of the old English act which made invalid the marriage of a man to the sister of his deceased wife. Mrs. Pitkin obtains the legacy because she happened to be born in this country, where the union between her father and mother was perfectly valid in the eyes of the law. Her three sisters. who were born in England, cannot obtain a share in the estate.

The old deceased wife's sister act was

Are there not many gaps in your home life—idle hours, holidays, unoccupied evenings, when there seems to be nothing specially worth the doing?

What would it be worth at such times to be able to sit down at the piano and play over old favorites or make excursions into new and untried fields of music?

Then there are times when guests come and you would like to be able to entertain them according to their tastes. In music there is something to match everyone's taste,—the grave and the gay, the classic and the popular.

In the PIANOLA PIANO the business man finds relaxation from office cares, the children obtain a liberal education and the wife has restored to her the technique of her youthful days, only magnified a hundred fold.

The Pianola is pre-eminently the STANDARD Among Piano-players

When you set out to buy a Pianola, be sure it is the Pianola you get. Only the Aeolian Company makes it. Only one store in a city sells it.
